

**Text Evidence**

Total questions: 20

Worksheet time: 35mins

Instructor name: Amy Amy

Name Class Date 

- If I were answering the question: "Is Kayla a good student?", which of the following would be an important detail?
  - Kayla goes to a Catholic School.
  - Kayla enjoys reading, and does her work to her full potential.
  - Kayla is 13 years old.
- The girl walked down the street with her head hanging down; She had just lost her first soccer game. What detail from the text can tell you how the girl was feeling?
  - She lost her first game.
  - She walked down the street.
  - Her head was hanging down.
- The water felt so good on such a hot day! I heard the other children laughing and yelling across the way. The concrete was wet from a group of teenagers splashing each other in the corner. The lifeguard watched closely to keep children from running.  
This is at a public pool: what detail from the text best proves this?
  - I heard the children laughing...
  - The water felt so good...
  - The lifeguard watched closely...
- I had finally gotten used to being weightless. It became a comfortable feeling. I especially liked floating by the window to see Earth below.  
Who am I?
  - A scuba diver
  - A brain surgeon
  - An astronaut
- Many breeds of dogs are used for work. In many cultures dogs are used to herd sheep. The dogs keep the flock from being attacked by animals such as wolves. Sheepdogs are known for their loyalty and gentleness. Based on the text, you can infer that:
  - Wolves are afraid of sheepdogs.
  - Sheepdogs are trusted because of their loyalty.
  - Sheepdogs are not very smart.
  - There are many breeds of dogs.
- Joseph and Caitlin were choosing players for their teams. It was Caitlin's turn to choose, and only Robert was left. Caitlin said, "Robert."  
We can infer that:
  - Caitlin had a hard time choosing a team member.
  - Robert was the best player.
  - Caitlin wanted Robert on her team.
  - Robert was not a very good player.
- To improve the quality of instruction, students should be able to grade their teachers.  
Which is the strongest evidence to support the claim?
  - Speaking to a local journalist, one student said, "Student assessments of teachers are necessary for quality instruction. I'm grateful that the administration adopted this much-needed program."
  - Several students surveyed about their teachers' effectiveness said that they questioned the anonymity of the survey and therefore were not completely truthful.
  - In one school, almost all teachers reported that they would change their approach if student feedback indicated that it was not working.
- What evidence best supports the idea: best friends are always there for you?
  - Jennifer and Michelle make sure to copy off Jessica's homework.
  - Jessica and Jennifer always talk about Michelle when she isn't around.
  - Jessica always makes sure to help Jennifer and Michelle when they ask for support.
- It's a good thing we were all wearing seat belts when the turbulence hit!  
Based on the text, which of the following most likely happened?
  - A plane had gone through a storm.
  - There are not enough details to answer the question.
  - A family was on a road trip and hit a pothole.
  - A boat went over some waves.
- Which piece of evidence could be used to BEST support this claim:  
High school students should be required to wear uniforms.
  - School uniforms can be ordered online.
  - When adding everything up, a school uniform could end up costing more than \$200.
  - At one school that recently required students to wear uniforms, attendance rates went up, and behavior incidents went down.
  - A student replied, "Allowing us to wear our own clothes gives us a chance to show our unique style and independence."

11. They weren't on the hook by the door and they weren't by her purse. Alison checked the pockets of the jacket she'd worn the day before, but they weren't there either. She looked at her watch and realized she would be late for work if she didn't leave soon.
- What is Alison looking for?
- |                |               |
|----------------|---------------|
| a) Her phone   | b) Her keys   |
| c) Her charger | d) Her wallet |
12. Which sentence suggests that Joanna rode her bike to school?
- |                                                              |                                                             |
|--------------------------------------------------------------|-------------------------------------------------------------|
