2 Read, choose and circle.

- Europe, America, Australia and Asia are these. (layer / continents / pole)
- We use them to describe how hot or cold it is. (degrees / freezing / mile)
- Birds have these on their skin. (fur / feathers / cracks)
- A group of explorers travelling to study a place. (expedition / crack / layer)
- We feel this when it's very cold. (freezing / deep / krill)
- This type of material keeps us dry. (poisonous / tentacles / waterproof)
- A small sea creature that whales eat. (krill / poison / fur)
- Some animals do this to get food. (drink / hunt / eat)
- Water becomes this at zero degrees. (igloo / stone / ice)
