My name is Anna, and I come from a big family. My father is taller than my mother, but my mother is more patient than him. My brother Ben is younger than me, but he is faster than I am when we play basketball. My sister Lily is smarter than both of us—she always gets the highest scores in class!

My grandparents live nearby. Grandpa is stronger than many people his age because he exercises every morning. Grandma is more careful than Grandpa when she cooks. Our family loves spending time together. This weekend, we are having a picnic at the park. Everyone is bringing something delicious to share!
