Pippa's classmates were very happy when they heard about the school party but Pippa was sad. Why so? Well, most of her clothes were really old and her family didn't have a lot of money. Pippa didn't want to ask her mum and dad to buy her a new shirt and a skirt or a dress.

Pippa was very smart and she had a great plan! First, she found a pencil and drew some ideas. She wanted her clothes to look unusual. Then she took some old clothes that her parents didn't wear. She put all those clothes into a big bag and took them into her room. Pippa found scissors and began.

She worked hard all day long. When it got dark she finished her work. Pippa was very happy! In the morning, she put her new dress on and went to show it to her family. Her dad said that Pippa was very beautiful and he really liked this new dress. Her mum was surprised. She didn't know that Pippa could sew so well. Pippa was wearing her new dress at the party and a photographer from the local magazine took a picture of her. He said that her dress was the most beautiful. At that moment Pippa understood that she wanted to be a fashion designer because it made her feel really happy.
