The 5,000 km race

Some people enjoy running, but these people love it. This 5,000 km race happens every year from June to August. 5,000 km is the same distance as from the East to the West of the USA, plus eleven marathons (a marathon is 42.2 km). But runners in this race run around a single city block (925 metres) in Queens, New York, over and over again!

The race lasts 52 days, and people run from 6 a.m. until midnight, every day. Most people in the competition run about 100 km a day. They only have six hours to wash and sleep each day. They need to visit the doctor before they enter, to check they are strong and healthy.

People give the runners vegetarian food to eat while they run. They need to eat all the time because they use a lot of energy when they do the race.

It's very hot in New York at this time of year and sometimes there is a lot of rain, too. Runners often carry umbrellas while they run!

Not everyone finishes the race, but runners receive a T-shirt if they do. It's not much, but people don't do it for the prize. They do it because it makes them feel good.
