Topic: Internet Safety – Protecting Personal Information and Passwords

Takeaways:

1. **Keep your personal information private.**
   Do not share your full name, address, birthday, or school online.
2. **Passwords are secret.**
   Never tell your password to anyone except your parents or teacher.
3. **Think before you share.**
   Always ask an adult before posting or clicking on something online.
4. **Be careful with strangers online.**
   Not everyone who talks to you online is a friend.
5. **Stay safe and responsible.**
   Use the internet for learning and fun but always protect yourself.

ACTIVITY 1

Name: _____

Write **T** if the statement is correct and **F** if it is not.

1. You should tell everyone your password so they can help you remember it.
2. Personal information includes your name and birthday.
3. You should ask your parents before using a new website.
4. It's okay to post your address online.
5. Passwords should be kept secret.
6. Strangers online can always be trusted.
7. Sharing pictures of your school uniform is safe.
8. You should log out after using an online account.
9. Only your parents or teacher should know your password if needed.
10. Staying safe online means thinking before you share information.
