10 Your argument is Just because you want me to be a doctor doesn't mean I want to be one. LOGIC

Exercise 2. Use the word given in capitals to form a word that fits in the space.

RHETORIC

The (1) (**CONCEIVE**) of 'rhetoric', or effective public speaking, dates back thousands of years. The underlying (2) (**ASSUME**) behind rhetoric is that how you present an argument can greatly influence whether people are persuaded by you or not. There is (3) (**DOUBT**) plenty of evidence to support this idea - it's practically (4) (**THINK**), for example, for a successful politician to be a poor communicator - but is it just a question of style winning over substance? Certainly, it is often said of politicians that they talk complete (5) (**SENSE**) but what they say they say with such (6) (**CONVINCE**) that we tend to believe them, at least when they're in opposition. On the other hand, (7) (**WISE**) and knowledge are of little value if you cannot communicate them effectively to your peers or to the next generation. It is the combination of clear (8) (**REASON**), sound (9) (**JUDGE**) and effective presentation and communication skills that defines true rhetoric. A true rhetorician should always come across as knowledgeable, and never as (10) (**OPINION**) or ignorant.

Exercise 3. Use the word given in capitals to form a word that fits in the space.

1. Liskeard and Callington are basically _____ from here, so it'll take about the same time to get to either of them. (DISTANT)
