

## Face to Face

Student Book pages 76–77

- A** **Strategy** Think about what Mert and Lucie say about these things. Then make two connections. Use the mind map to help you.

caves mountains ocean sand dunes surfing snowboarding  
 sandboarding caving snorkeling scuba diving  
 staying with grandparents moving home trying new sports

Example: Lucie said that she missed snowboarding when she moved to Dubai. That reminds me of my friend Sofia because, when she moved to my town, she really missed the mountains near her old home.

- 1 \_\_\_\_\_ said that \_\_\_\_\_.  
 That reminds me of \_\_\_\_\_ because \_\_\_\_\_  
 \_\_\_\_\_.
- 2 \_\_\_\_\_ said that \_\_\_\_\_.  
 That reminds me of \_\_\_\_\_ because \_\_\_\_\_

- B** **Strategy** Find these sentences in the interview. Then paraphrase them.

- 1 **Mert:** It's completely dark inside the caves, except for your flashlight.

\_\_\_\_\_

- 2 **Mert:** It's a city that's several hours away from the sea, so I had to give up scuba diving.

\_\_\_\_\_

- 3 **Mert:** I've been hooked on caving ever since.

\_\_\_\_\_

- 4 **Lucie:** All the beaches where I could go surfing were a long way away from Lyon, so it was frustrating that I couldn't surf more regularly.

\_\_\_\_\_

- 5 **Lucie:** You have to be in really good shape!

**C Circle the correct option.**

*Face to Face* is an informal <sup>1</sup> **interview / story**. Two <sup>2</sup> **teenagers / sports** coaches who both like <sup>3</sup> **adventure sports / keeping fit** have a conversation about how they got into their favorite <sup>4</sup> **equipment / sport** and why they love it so much.

**D Match the sentences to the pictures.**

1 This person is unsure at first that the other person's hobby is fun.

4 This person used to love doing a watersport.

2 This person moved to a different place with their family.

5 This person used to live on the coast.

3 This person's friends introduced them to the sport that they do now.

6 This person could still do their previous sport in their new home, but in a much smaller area.

**E Words in Context** Think about the meaning of the underlined words from the interview. Use them to complete the sentences.

It gives me that same sense of exploration that I got from scuba diving.  
Why did you switch from snowboarding to sandboarding?  
As a sandboarder, I could still slide down a slope on a board, and I could still learn to do cool jumps and flips.  
There isn't a ski lift in the desert like there is in the mountains, so I have to climb the high sand dunes.  
It's great to meet someone else who's passionate about adventure sports.

- 1 I know we planned to hang out on Saturday, but can we \_\_\_\_\_ it to Sunday?
- 2 The \_\_\_\_\_ took us up to the top of the mountain in just a few minutes.
