Some can be as simple as buttered toast with coffee. Others can almost be equivalent to a full-course meal which can provide enough calories for the entire day. The breakfast special is offered daily and runs usually from seven until eleven in the morning after which the prices change and everything is ordered a la carte.

Some fast-food restaurants **offer** an "ail-you-can-eat" buffet breakfast which may include more than thirty choices of every breakfast item imaginable. For a set price one can get as many refills as one wants. A complete breakfast will cost less than five dollars with tips included.
