The Week's Wondrous Journey

Monday woke up feeling a bit sluggish, like an old snail after the weekend's fun. "Ugh, time to start!" he grumbled. Tuesday quickly arrived, full of energy and ready to tackle schoolwork and chores. By the time Wednesday rolled around, things felt smoother—it was the hump day, halfway to freedom! Thursday bounced in, whispering exciting plans for the days ahead. Then, Friday burst through the door with a cheer, announcing, "The weekend is here!"

Everyone cheered!

Saturday showed up next, wearing its pajamas all day and demanding cartoons and playtime. Sunday, quieter and calmer, brought a relaxed feeling, perfect for family dinners and reading. The seven friends hugged goodbye, knowing they would do it all again. It was a wonderful, busy, and always-changing journey. They loved being the Days of the Week!
