### ***A Busy Day in My Life***

Hello! My name is Alex and I am 13 years old. I live in a small city with my parents and my little sister.

On weekdays, I wake up at half past six. I am usually tired, but I get up and take a shower. Then I get dressed and have breakfast in the kitchen. I usually eat cereal and fruit, and I drink a glass of milk.

At seven fifteen, I leave home and go to school by bus. My classes start at eight o'clock. At school, I have English, Math, Science, and PE. I listen to the teacher, take notes, and work in groups with my classmates. I like English because we play games and talk about our daily lives.

I finish school at two thirty. After that, I go home and have lunch with my family. In the afternoon, I do my homework and sometimes I help my sister with her school projects. After homework, I usually play video games, watch videos online, or chat with my friends on my phone.

In the evening, I have dinner at around eight o'clock. After dinner, I relax, watch a TV series, or read a comic book. Finally, I go to bed at ten o'clock. I am always tired, but happy, because my days are busy and interesting.
