NAME: _____ **DATE:** _____

IRREGULAR VERBS

Irregular verbs in English are those whose conjugation does not end in -ed in their preterite and past participle forms. Therefore, to conjugate them, it is necessary to consider specific rules and exceptions.

The importance of mastering irregular verbs lies in the fact that there are countless examples, from those used daily, such as the verb "to be," to those specialized for different professions and tasks.

It should be noted that irregular verbs fulfill the same functions as regular verbs in English; that is, they express states or actions, and they occupy the same position within the sentence.

Based on the basic concept text above. Complete the correct form of the irregular verb in the following sentences:

took - chose - went - saw - spoke
wrote - gave - ate - began - broke

1- Yesterday, I ___ (go) to the library to study.
2. She ___ (write) a long email to her teacher last night.
3. We ___ (eat) breakfast very early this morning.
4. My friend ___ (give) me a beautiful gift for my birthday.
5. They ___ (see) a rainbow after the storm.
6. He ___ (take) the wrong bus and arrived late.
7. The students ___ (begin) the project last week.
8. I ___ (speak) with the principal about the issue.
9. She ___ (break) her pencil during the exam.
10. We ___ (choose) the best topic for our presentation.
