

I heard you calling on the megaphone

You wanna me all alone

As legend has it, you are quite the pyro

You light the match to..... it blow

And if you'd come for me

I might've drowned in the melancholy

I swore my loyalty to me (Me), myself (Myself), and I (I)

Right you lit my sky up

All that

I sat alone in my tower

You were just honing your powers

Now I can see it all (See it all)

Late one

You dug me out of my grave and

Saved my heart from the fate of Ophelia

Keep it one hundred on the the sea, the sky

Pledge allegiance to your your team, your vibes

Don't care where the hell you've been 'cause now you're mine

It's 'bout to be the night you've been dreaming of

The fate of Ophelia

The eldest of a nobleman

Ophelia lived in fantasy

But love was a bed full of scorpions

The venom stole her sanity

And if you'd come for me

I might've lingered in purgatory

You wrap around me like a a crown, a vine

Pulling me into the fire
