## 2. ERRONKA - EBALUAZIOA

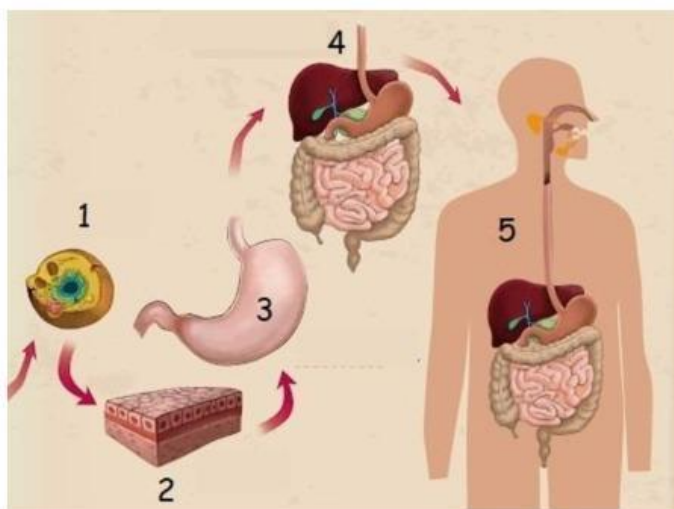

1.- Taula bete:

| ZENTZUMENA | USAIMENA | IKUSMENA | UKIMENA | DASTAMENA | ENTZUMENA |
|------------|----------|----------|---------|-----------|-----------|
| ORGANOA    | BEGIA    | BELARRIA | SUDURRA | AZALA     | MINGAINA  |

| ZENTZUMENA | IRUDIA                                                                            | ORGANOA |
|------------|-----------------------------------------------------------------------------------|---------|
|            |  |         |
|            |  |         |
|            |  |         |
|            |  |         |
|            |  |         |

2.- Idatzi bakoitzaren izena:

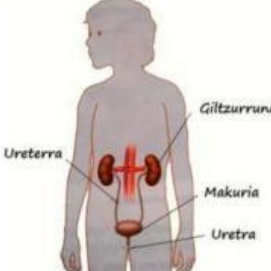

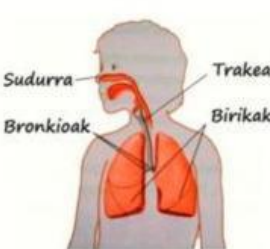

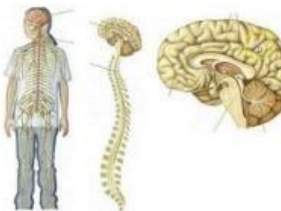

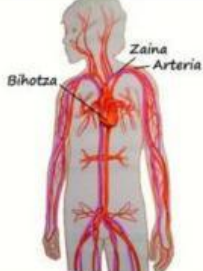

- 1.- \_\_\_\_\_ EHUNA
- 2.- \_\_\_\_\_ ORGANISMOA
- 3.- \_\_\_\_\_ ZELULA
- 4.- \_\_\_\_\_ ORGANOA
- 5.- \_\_\_\_\_ APARATUA

3.- Zeintzuk dira 3 bizi funtzioak?

|           |          |          |
|-----------|----------|----------|
| NUTRIZIOA | JOLASTU  | UGALKETA |
| BAZKARIA  | ERLAZIOA | HAZI     |

## 4.- Kokatu aparatu bakoitza bere bizi funtzioan:

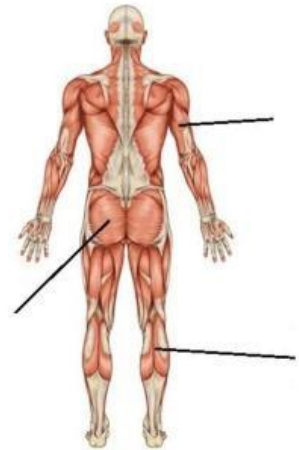

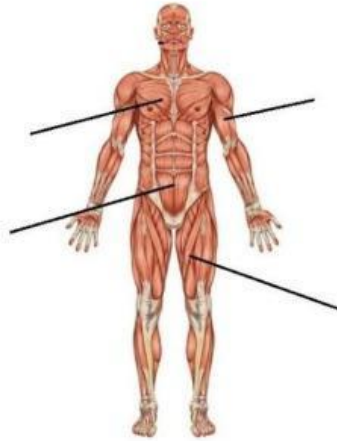

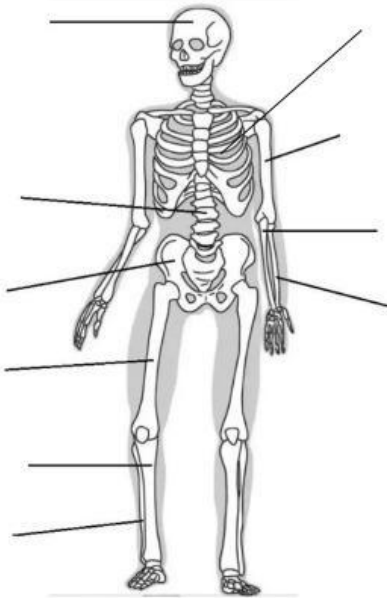

|                                                                                                                       |                                                                                                                        |                                                                                                                          |                                                                                                                      |
|-----------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
