READING. Read this text and do **Tasks A and B**

5 x 0.20 = 1mark

Movie Magic: Films for Everyone

Have you ever thought about the importance of movies in people's life or what our life would be like without them? Movies are like magic boxes that take us to different worlds, they make us meet new people, and feel all sorts of things. They can also make us laugh, cry, think, and even inspire us. Movies can also teach us about important things, transmit values and help us see the world in new ways. There are many different kinds of movies, from old ones in black and white and without sound to new ones with amazing special effects. They come from all over the world and tell stories about all sorts of things. You can watch movies at the cinema or in your favourite room at home. No matter what you like, there's always a movie for you. You have a wide variety to choose from: comedies, westerns, thrillers, war, horror or romantic films. Everyone enjoys movies, young and old people. Movies can bring people together and help us understand each other better. They can also help us learn about ourselves and the world around us. In a world that can be confusing, movies can give us a break and help us connect with others. They can remind us of what's important and inspire us to make the world a better place. What kind of movies do you like?

Task A: Circle **T** for true or **F** for false

- 1- All movies have amazing special effects.
- 2- You can only enjoy movies in cinemas.
- 3- Movies come in many varieties and people of all ages can enjoy them.
