My Ukrainian Adventure!

by Rob Collins

Day 1: ◯ My parents and I arrived in Kyiv for a four-day trip in Ukraine! The hotel where we stayed was in the city centre. We visited many sights, and walked down the well-known Andriivskyi Descent. Both my parents love museums, and the National Art Museum of Ukraine was their favourite part of the day! It's a huge museum, so we spent a few hours there.

Day 3: ◯ We went to a very popular tourist destination: Synevyr Lake! It is up in the Carpathian Mountains, about four hours to the south of Lviv, and it's very beautiful! We spent the whole day exploring the area on foot! I've never been so exhausted! Other people were exploring the area on horseback, but my parents were too scared. I'm the only one in the family who has ridden a horse!

Day 2: ◯ On the second day, we got up at 6 a.m. to catch a flight to Lviv in the west. I was very tired and the moment we got on board, I fell asleep, and so did many of the other passengers. We had another fun day of sightseeing in this attractive city. I really enjoyed our visit to the Lviv Town Hall. It's got a tower with an observation deck that is 65 metres high. The view of the city was very impressive from up there.

Day 4: ◯ On the fourth day, we set off for Üzhhorod, where we walked through the beautiful Linden Alley. That place was something else! Úzhhorod is also full of cherry blossoms, and every spring, for only two weeks, the whole city is covered in pink flowers! I couldn't stop filming and taking pictures!
