 - D. Adding many patterns

True or False

Write **T** for True or **F** for False.

1. Rhythm in design creates a sense of movement through repeating elements.
2. Personal style is influenced by people's likes, culture, and lifestyle
3. Shapes are not considered part of the elements of design.
4. Unity in design means all elements work well together to create a complete look.
5. Proportion refers to the size relationship between different parts of a design.
