A diagram showing a matching exercise. It consists of two columns of boxes. The left column contains boxes with numbers (2, 8, 9, 10) and addition problems ($2 + 1$, $8 + 1$, $7 + 3$, $5 + 3$). The right column contains boxes with numbers (3, 7, 5, 4) and addition problems ($1 + 1$, $1 + 6$, $5 + 4$, $4 + 1$). A line connects the box with the number 2 to the box with the addition problem $1 + 1$.
