The last problem is that the buses cannot go in a small road, so some people who work in a small road will have to walk for a while.

The answer to (10) has not been found out.

Exercise 2: Read the passage and choose the best option to answer each of the following questions.

In the UK, bus journeys are just boring and simply a necessity. This public means of transportation is often convenient when you live or work in the city centre, as you can avoid traffic jams by moving very quickly in the bus lanes, and do not have to pay to park the car. After all, though, taking the bus is just a necessary and **tedious** part of life: you board the bus, pay the driver and sit down or find a place to stand. Very boring.

In Latin America, however, bus trips can be very lively. For a start, long-distance buses **put on** films so that you have entertainment for at least some of the journey. Naturally, local transport does not show films but drivers usually switch on the radio and that can be a great way to hear new songs and new styles of music. Therefore, taking the bus doesn't sound like fun but it is much more exciting than any UK bus journey.
