5. People *can't* / *have to* save water at home.

3. READING

a) Read the text and choose the correct answer.

Taking Care of Water

Water is very important for our lives. We **have to** use water every day to drink, cook, and clean. We **have to** save water because it is not unlimited.

At home, we **have to** close the faucet when we brush our teeth. We **can't** waste water when we wash our hands or dishes. At school, students **have to** take short showers after sports, and they **can't** leave the faucet open.

People **have to** work together to protect water. We **can't** pollute rivers or lakes. If we take care of water today, we will have clean water in the future.

- 1) Why is water important?
- 2) What do we **have to** do when we brush our teeth?
- 3) What **can't** we do with water?
- 4) At school, students have to:
- 5) To protect water, people can't:
