

MID-TERM SPEAKING TEST

SUPERKIDS 4B
(Unit 6-7)

Part 1: Greeting (10 marks)

Examiner asks the candidate these questions:

- What's your name?
- How do you spell your name?
- How old are you?
- How are you today?

Part 2: Presentation (20 marks)

SET A:

Examiner: You had an amazing time camping outside with your grandpa and your cousins last week. Here is the photo. Look at the photo and tell me about that night.

Sample:

Hi, I'm going to tell you about my camping trip last week. This photo shows a moment when we were sitting around a campfire, enjoying a beautiful night. This is my grandpa. He was in the wheelchair, he was telling us a story. He was so happy and the story was interesting. We all were listening carefully to him, and my cousin kept asking "What happened next?". There were some rabbits, I think they were playing around and listening to the story, too. A shooting star was flying across the sky, we were really excited at that time. It was a great night!

SET B:

Examiner: These people have got different technological devices. Look at the table and say which device each person has got, where they use it and what they use it for.

Sample:

This is Peter's laptop. It's white and light. He often uses it in his living room. He uses his laptop for finding information, playing games and watching videos.

This is Vicky's phone. It's small and black. She uses it everywhere, but she couldn't use it in the classroom. She uses it for taking photos, sending messages and listening to music.

This is Freddy's printer. It's big and white. He often uses it in his classroom. He uses it for printing pictures and copying documents.
