

Exercise 3.

Different Families, Same Love

Hello! My name is Sofía. I'm 15 years old and I live with my two dads — Luis and Ricardo. They are very nice and funny. Luis is tall and has short brown hair. He works as a nurse. Ricardo is short and has black hair. He is very creative and loves music. On weekends, we cook together and sing while we make dinner. I love my family because they always make me laugh.

My friend Tomás lives with his mother, father, and brother. His mother Erika is kind and has long blonde hair. She is a teacher. His father Robert is serious but friendly, and he has short black hair. Tomás' brother is 10 years old. He is very energetic and likes to play soccer. Tomás says his family likes to go to the park every Sunday.

My best friend Lucía lives with her two mothers, Carla and Paty. Carla is tall and has curly red hair. She is a doctor and very smart. Paty has straight black hair and works at home. She is calm and patient. Lucía says her family likes to travel and take a lot of photos together.

All families are different — some have a mom and a dad, some have two moms or two dads — but they all have love, care, and respect.

A. Instructions. Choose the correct answer

1. Sofía lives with...

- a) her grandparents
- b) her two dads
- c) her mother and brother

2. Ricardo is...

- a) creative and loves music
- b) serious and quiet
- c) tall and a teacher

3. Tomás' father is...

- a) funny and tall
- b) serious but friendly
- c) calm and patient

4. Carla is...

- a) a doctor
- b) a nurse
- c) a teacher

5. All families in the reading have...

- a) the same number of members
- b) love, care, and respect
- c) pets

3B. Write short answers

- 1. What does Luis do?
- 2. Who has curly red hair?
- 3. How old is Tomás' brother?
- 4. What does Ricardo look like?
- 5. What is Paty like?
