Hi everyone. I need some advice. I have a new smartphone and I want to buy new headphones for it. But I'm not sure what kind of headphones I want to buy. I like wireless headphones, but they are usually expensive. Any ideas?

Hi! Welcome to Techno Team. I've got the TH250 headphones. They are wireless and they're not very expensive. You can get them in lots of different colours too. I think that you will really like them.

I've also got the TH250 headphones, but I don't really like them. They work OK when I connect them to my phone, but sometimes they don't work when I connect them to my computer. I have to turn my computer off and then turn it on again. I can't buy new headphones at the moment but, in the future, I think I'll buy the new wireless SD500 headphones. My best friend's got them and he likes them a lot.

I've got the SD500 headphones too. They're great! They are a bit expensive, but the sound is so good. Check them out! I promise you will love them.
