

[Verse 1]

Got a test on Friday

Got a game at three

Got a crush who laughs

Then looks away from me

Got a heart that's racing

Every single day

Got a thousand worries

Piled in my way

[Chorus]

\_\_\_\_\_ brave when the fear shows up?

\_\_\_\_\_ when it feels too much?

\_\_\_\_\_ when the road gets tough?

I think you will

I think you will

\_\_\_\_\_ when you trip and fall?

Try again when you miss the ball?

Hear that small voice saying

"You can

Y'all"?

I know \_\_\_\_\_

Yeah

I know \_\_\_\_\_ (hey!)

[Verse 2]

Got a friend who's quiet

Sits alone at lunch

Got a chance to wave

Or sit with my own bunch

Got a choice to listen

Got a choice to care

Got a chance to show

I'm really there

[Chorus]

\_\_\_\_\_ when it's hard to be?

Share your light so your friends can see?

Lift someone up when they say

"Not me"?

I think you will

I think you will

\_\_\_\_\_ when it feels so strange?

Try small steps when you're scared of change?

Trust your heart when the rules rearrange?

I know \_\_\_\_\_

Yeah

I know \_\_\_\_\_ (oh yeah)

[Bridge]

You don't have to be perfect

You don't have to know how

Just a tiny bit of courage

Starts right now

Right now

[Chorus]

\_\_\_\_\_ when it's hard to trust?

Turn your "can't" words into "maybe just"?

Hold your dreams tight when they gather dust?

I think you will

I think you will

\_\_\_\_\_ growing through the ups and downs?

Wear your hope like a shining crown?

Change this school

Change this whole hometown?

I know you will

Yeah

I know you will

I know you will
