Read the passage then choose the correct answer to each question.

Life in the big city is fast-paced, fun and exciting. There are **countless** job opportunities and activities to occupy your time. However, with the **good**, there also comes the bad.

Although the big city has more job opportunities; there are also more people competing for a single job. This can make your job search **frustrating**. You will see hundreds of jobs available each week, but you still might remain unemployed.

Also, the cost of living is higher in big cities, and a small apartment can be very expensive. Diversity is a good thing, but the number of people can be a bit overwhelming if you are not accustomed to it. There will always be crowds and always be people around. Moreover, traffic can be a nightmare in the big city. **It** can get so bad that it can turn you into an evil person. If you hate driving in traffic, then the big city life is not for you.

Heavy traffic also contributes to pollution, which is one of the biggest disadvantages of living in the city. Obviously, our health is affected most by certain diseases relating to the respiratory system and other body parts. A lot of premature deaths are supposed to be the result of long-term exposure to small particles.

Most importantly, there is always more crime in a big city, causing you second case of your decision for living in a big city. You are much more likely to be a victim of a crime living in a big city than in a small town.
