

*Sleepless nights, sleepness fights*

*with the way my ..... 's designed.*

*It's designed to ..... it on my sleeve again,*

just ..... bullshit, I can't believe it any other way.

I wish, I wish I could have seen

what was coming, coming

Looks like it .....me.

I'm not easy, not easy to live with,

I've always got to have the .....say.

I'm not doing anything ..... here.

We're all human, but some are more than others

but I found her ..... by the ocean

I got my dreams, but my dreams have gotten tougher

I ..... to have you near.

*Drifting on, drifting on away.*

*Come and .....my breath away,*

*It even hurts when I want to .....*

*You're drifting on, drifting on away.*
