Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Last month, I had the amazing opportunity to go on a student exchange trip to Singapore with a group of my classmates. We were all so excited to visit this modern city. The trip lasted for one week, and during this time, we stayed with local families. **This** gave us a chance to experience the daily life and culture of Singapore up close.

During our stay, we attended classes at a local school. The lessons were really interesting and different from what we were used to back home. We also took part in **various** activities, such as learning about Singapore's history and visiting famous landmarks such as Marina Bay Sands and Gardens by the Bay.

One of the **highlights** of the trip was trying Singaporean food. We enjoyed dishes like chicken rice, satay, and laksa. We even visited a night market, where we tried different snacks and bought souvenirs to bring back home.

By the end of the week, we had made many new friends and learned so much about Singapore. We were sad to leave but promised to keep in touch with our new friends. This exchange trip was a memorable experience that I will never forget.

LIVEWORKSHEETS

Question 31. What is the main idea of the passage?

Why We Should Use Technology in the Classroom

Using technology in the classroom has many benefits. First, it helps (37) _____. For example, students can use computers or tablets to play educational games, which can make lessons more enjoyable and interactive. Second, technology allows students (38) _____. Instead of spending a lot of time searching through books, they can quickly use the internet to find what they need for their projects and homework. Another advantage is that technology helps students (39) _____. Some students may understand lessons faster, while others may need more time. With technology, everyone can learn at their own pace and in a way that suits them best. Finally,

LIVEWORKSHEETS

technology provides teachers with new ways (40) _____. Teachers can use apps or online platforms to check students' work and give them advice on how to improve their skills.
