I. COMPLETE THE FAMILY TREE BELOW BY READING THE TEXT.

Isabella	Emily	Mia	Sophia	Noah	Kate	Amelia	Ben	Ann	Mary	James	Lily	Jack

Hello, my name is Olivia. Let me tell you about my big family.
At the top of our family are my great-grandparents. My great-grandfather's name is Ethan, and my great-grandmother is Isabella. They have three children: Jacob, Sophia, and Kate.
Let me start with my grandmother, Sophia. She is Ethan and Isabella's daughter. She is married to Noah. They have two children: Mia and Liam.
Liam is my father. He is married to my mother, Emily. I am their daughter. Mia is my aunt because she is my father's sister.
Next, let's talk about Kate. She is my grandmother's sister, so she is my great-aunt. Her husband's name is Jack. They have three children: Ben, Amelia, and Mary.
Ben is married to Ann. They have a daughter named Lily.
Amelia is married to Oliver. They have a son named James.
Mary is their sister.
Finally, Jacob is my grandmother's brother, so he is my great-uncle.
That's my big family. It's a big family, but I love them all!

II. TRUE OR FALSE
