

**Write an email to your friend making some suggestions for an end-of-term day trip for students at your school.**

Hi Ahmed

I hope you are doing well. I wanted to share some ideas for the end-of-term day trip for our students. I think it would be great to organize something fun and educational so that the students can relax after their exams and also learn something new.

One suggestion is to visit a science museum or an educational center where students can take part in interactive activities. This would help them learn in a fun way.

Another idea is to plan a trip to a park or a beach. Students could play sports, have a picnic, and enjoy outdoor games together. It would also be a good chance for them to spend time with their classmates and teachers in a relaxed environment.

We could also include a short competition or a team challenge during the trip. For example, a treasure hunt or quiz competition would make the trip more exciting and encourage teamwork among the students.

Let me know what you think about these ideas, and if you have any other suggestions. I'm sure we can plan a memorable day for the students.

Best  
Ali

regards,
