

**Task 1:**

**You should spend about 20 minutes on this task.**

The charts below show the result of a long-term survey carried out by an environmental group into local wildlife population figures.

Summarise the information by selecting and reporting the main features and make comparisons where relevant.

**Write at least 150 words.**

Main reasons for wildlife population changes (2000–present)

Percentage change in population figures for wildlife observed (2000–present)

**Task 2:**

**You should spend about 40 minutes on this task.**

**Write about the following topic:**

In recent years, there has been a significant advancement in AI and automation technologies. Some argue that these technologies will lead to widespread job displacement. To what extent do you agree or disagree with the statement?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

**Write at least 250 words.**

***Good luck!***
