

UNIT 6
DO YOU THINK THESE ARE HEALTHY?
LESSON : WRITING

• **ACTIVITY (ONE):**

Read the following letter then answer questions about it:

Dear Principal,
Hi! How are you? I hope you are fine. I am writing this e-mail to complain about the large amount of water that is wasted in the school.

I noticed that the students in the school waste a lot of water because of many reasons. One of them is that the students always leave the tap running after washing their hands. The other reason is that some of the taps are broken in our school. They leak a lot of water. If we waste more water, we will destroy our environment. As you know earth only has less than 1% of water that we can use. You should fix the taps in the school. You should also start a campaign about water waste.

That's all for now! Write back soon and tell me what you think. Thank you for your attention.

Yours,
Dana.
