Lost in the Forest!

Jake and Emily were on a hiking trip with their summer camp. As they explored the woods, they accidentally wandered off the trail and got lost. They tried to retrace their steps, but everything looked the same.

"I think we should stay calm and use our map." said Emily.

"Good idea," Jake replied, unfolding the map.

They found a nearby river on the map and decided to follow it downstream, hoping it would lead them back.

After walking along the river for a while, they heard a shout.

"Look, it's our camp leader!" Jake exclaimed. "We made it back!"
