| 29. A. solve | B. make | C. increase | D. ignore |
| 30. A. creating | B. doing | C. taking | D. making |

Phần 2: Đọc và trả lời câu hỏi (31-35)

Read the following passage and choose the correct answer to each of the questions.

Online shopping has become increasingly popular in recent years, especially among young people. This way of shopping offers several advantages. First, it is convenient because customers can buy anything they want from the comfort of their homes at any time, day or night. Second, online stores often provide a wider range of products and better prices compared to traditional shops. It is also easier to compare prices between different sellers with just a few clicks.

However, there are also some disadvantages to consider. One major problem is that shoppers cannot try on clothes or check the quality of items before buying them. Sometimes, the products that arrive do not look like the pictures on the website. Additionally, customers have to wait for several days for their orders to be delivered, and they may even have to pay shipping fees. Despite these drawbacks, online shopping continues to grow as technology improves.

31. What is the main idea of the passage?

- A. The history of online shopping.
- B. Benefits and drawbacks of online shopping.
- C. Why traditional shops are better than online stores.
- D. How to find the best prices when shopping online.

32. According to the text, why is online shopping convenient?

- A. Customers can shop at any time without leaving home.
- B. Products are always delivered immediately.
- C. It is only popular among young people.
- D. Online stores are always located near residential areas.

33. The word "it" in paragraph 1 refers to _____.

- A. traditional shop B. customer
- C. online shopping D. comfortable home

34. Which of the following is NOT mentioned as a disadvantage?

- A. People cannot check the quality of goods beforehand.
- B. Delivery may take several days.
- C. Customers might have to pay for shipping.
- D. Online shopping is more expensive than traditional shopping.

35. What can be inferred about the future of shopping?

- A. People will stop shopping online because of shipping fees.
- B. Online shopping will likely keep expanding.
- C. Traditional shops will completely disappear.
- D. Technology will make products look exactly like website photos.
