PART 2 - LISTENING

Listen to this audio and then put the dialogue in order: Listen here!

I think colorful ones would brighten up the room.

Alex, don't you think the living room looks empty without cushions?

Sounds like a plan. I'll check if there's a home store nearby.

Should we get colorful ones or neutral tones?

You're right. There aren't any cushions on the sofa, and it looks plain.

Great! Let's go to the mall tomorrow and pick some out.
