

Song 1

Take me home, home Take me home, home

Guess which expressions in **bold** are the collocations on the song Booshle G. sang in the cricket league ad campaign. They both have similar meanings. Then, listen and check.

Don't wanna wait till we **become mature / grow older**
Put your head right on my shoulder / lay your head on me
Cause you're the **source of the fire / reason for the spark**
Nobody notices me / No one sees me when it's dark
But you do

Let your heart **be my shelter / become my home**
Would you let me stay
We'll **take it slow / go easy**
Hold on, **don't let go / stay connected**
Cause I just **need you near / want you close**

Take me home, home Take me home, home

Song 2

Guess which expressions in **bold** are the collocations on this other song by Booshle G. This one is about personal growth and self-discovery.

Both expressions have similar meanings.

Then, listen and check to see if you picked the right one.

Looking for the **kind of love / type of affection** I never had before
Growing up I never had the chance to be the **boy next door / just a regular boy**

I **continued thinking / kept on dreaming** about the man that I wanna be today
If I could talk to him, this what I'd say

[Chorus] Yeah, I'll **find you there / meet you in that place**
In the sunrise, I'll be **lost in the beauty of springtime / caught up in the spring**
I'll **find you there / meet you in that place**

In the ocean, I swear **our ship won't sink / we'll rise above the waves**
We'll be dancing with the stars

Jamming in a car, even if it ain't mine
You'll **vibe with me / connect with my energy**
I'll **find you there / meet you in that place**

I'm sick and tired / **exhausted and fed up** of missing out on loving every season
I'm letting go of all the **ego and regret / pride and shame** that I've been keeping
I gotta keep my head up, I'm **moving on / leaving the past behind**
I gotta **see it through / finish what I started**
If I could talk to love, this what I'd say

[Repeat Chorus]

Song 3

Guess which expressions in **bold** are the collocations used in this song by Panic! At the Disco. The theme is also personal growth. Both expressions have similar meanings. Listen and check if you picked the right one.

Had to have **great, great aspirations** / **high, high hopes** for a living
Shooting for the stars / **Aiming for the heavens** when I couldn't earn a fortune / **make a killing**
Didn't **have a dime/have a penny**, but I always envisioned a future / had a vision
Always had **great, great aspirations** / **high, high hopes** for a living
Had to have **great, great aspirations** / **high, high hopes** for a living
Didn't know how, but I always had a feeling / had an instinct

I was gonna be that **rare gem** / **one in a million**
Always had **great, great aspirations** / **high, high hopes**

Mama said: **Fulfill the prophecy** / **Achieve the prediction**
Be something greater, go **leave a mark** / **make a legacy**

Manifest destiny, back in the days
We wanted everything, wanted everything
Mama said: Burn your biographies
Rewrite your history, **ignite your boldest ambitions** / **light up your wildest dreams**
Museum victories, every day
We wanted everything, wanted everything

Mama said: **Keep pushing forward** / **Don't give up**
It's a little complicated
Completely stuck / **All tied up**, no more love
And I'd hate to see you waiting
