Ana's Idea Read the story carefully.

Ana wants to create a new product. She has an idea for a smart water bottle. First, she thinks about the idea. The bottle can remind people to drink water. Next, she makes a design. The bottle is blue, light, and easy to carry. Then, she tests the product. Her friends use the bottle and give feedback. Finally, she wants to sell the product. Many people like it because it is useful and modern.
