Momoka asked, "Should we take the bus or the train to Tokyo?"

"Buses are better than trains," replied Ren.

"I know you like buses more, but trains are faster."

"Where do I buy a ticket?"

"Go over to that booth, there is a sign that says tickets."

"That line has twenty five people in it, we'll miss our train!" cried Ren.

"Don't panic!" shouted Momoka. "The train doesn't leave for another hour."

"That's a relief," Ren said. "We won't have to rush."
