UNIT 10.
PLANET EARTH

TEST 1

I. Find the word which has different stress pattern from that of the others. ***(Tìm từ có trọng âm khác với các từ còn lại.)***

1. A. reserve	B. flora	C. nature	D. fauna
2. A. liquid	B. water	C. aware	D. grassland
3. A. system	B. giraffe	C. ocean	D. body
4. A. outer	B. earthquake	C. solar	D. protect
5. A. pollute	B. climate	C. region	D. livestock

II. Fill in each blank with a suitable word or phrase from the box. ***(Điền vào mỗi chỗ trống một từ hoặc cụm từ phù hợp.)***

landforms, appreciate, food Chain, grassland, liquid water nature reserves, water bodies, poles, habitats, flora and fauna

1. Large areas of tall grasses that receive moderate rainfall are called _____.

2. Earth's tilted axis creates dramatic differences in sunlight between the North and South _____.

3. When we say an area has a rich _____, we mean it has a wide variety of plant and animal life.

4. We should all take steps to reduce pollution so we can continue to _____ the beauty of our oceans.

5. Grass is eaten by zebras, which are then hunted by lions. This is a simple example of a _____.

6. Earth's _____, from vast oceans to tiny alpine lakes, form a network that sustains life and regulates its climate.

7. The reflective properties of _____ on Earth's surface are what give our planet its beautiful blue marble appearance from space.

8. Protecting Earth's rainforests is important because they are unique _____ for millions of plant and animal species.

LIVEWORKSHEETS

9. Earth's diverse _____, from towering mountains to sprawling deserts, were sculpted by the relentless forces of wind, water, and plate tectonics over millions of years.

10. Some _____ allow hiking, biking, and wildlife observation, while others are strictly protected for scientific research.

III. Circle the correct option in brackets. ***(Khoanh vào lựa chọn đúng trong ngoặc.)***

1. Marie Curie, (whom / who) discovered radioactivity, was a brilliant scientist.

2. The giant sequoia, (which / that) can live for thousands of years, is the largest living tree on Earth.

3. Jane Goodall, (whose / who) work with chimpanzees is famous, is a passionate advocate for animal welfare.

4. The solar panels, (which / whom) we installed last year, have significantly reduced our electricity bill.

5. The ozone layer, (which / whose) depletion is linked to climate change, protects Earth from harmful ultraviolet radiation.

6. Oceanographers, (that / who) study the world's oceans, are crucial for understanding marine life.

7. The very first man (who / that) walked on the moon, Neil Armstrong, became an international symbol of exploration.

8. Charles Darwin, (who / whose) theory of evolution revolutionized biology, studied finches in the Galapagos Islands.

9. Many species of whales, (who / which) communicate through complex songs, are facing extinction.

10. We need more scientists (who / which) are passionate about finding solutions to environmental problems.

IV. Choose the correct answer to complete each dialogue. ***(Chọn phương án tốt nhất để hoàn thành mỗi đoạn hội thoại.)***

1. Mr. Alverez: "Did you see the documentary about whales yesterday evening?"

- Mr. Luan: "_____"

A. Oh, I absolutely love animals! Especially dogs.

B. No, I was busy preparing the lecture. How was it?

C. Actually, I wasn't paying attention at all. What did we miss?

D. No, I don't adore documentary about whales, but I like the zoo.

LIVEWORKSHEETS

2. Mr. Vincent: "I'm worried about the increasing pollution in our oceans."

- Ms. Ruth: "_____"

A. That reminds me, did you take out the trash?

B. Let's open up the seas for unrestricted harvesting.

C. Agreed. We should definitely protect our marine life.

D. We should prioritize economic gain over environmental concerns.

3. Mr. Alverez: "Wow, this sunflower is enormous!" - Mr. James: "_____"

A. Sunflowers are a great source of energy.

B. No, I don't. I really care for sunflowers.

C. Yes, I do. I much prefer lilies over sunflowers.

D. Those droopy sunflowers are so last season.

4. Lucas: "I'm so excited about our camping trip this weekend!" - Brian: "_____"

A. Can't we just stay home this weekend?

B. Oh no, I forgot to buy groceries again!

C. Disagreed. I should postpone the camping trip.

D. Me too! Camping is a great way to connect with nature.

5. Ms. Ella: "I'm so hot! I wish it would rain soon." - Mr. Fritz: "_____"

A. What a refreshing breeze!

B. The plants definitely need a drink.

C. Yes, this room is freezing!

D. The rain keeps pouring down.

6. Mr. June: "Have you seen the news about the oil spill? It's terrible!"

- Mr. Harris: "_____"

A. Yes, I love spending time at the beach.

B. Maybe we should buy a new car this weekend.

C. There are plenty of natural resources to go around forever.

D. Yes, I have. We need to find more sustainable resources.

LIVEWORKSHEETS

V. Read the passage and choose the best answer A, B, C, or D. ***(Đọc đoạn văn và chọn đáp án đúng nhất A, B, C hoặc D.)***

Planet Earth is the third rock (**1**) _____ the sun in our solar system, the only place known to support life (**2**) _____ we know it. It's a swirling blue marble, mostly (**3**) _____ in vast oceans teeming with life. Landmasses (**4**) _____ above the water, forming continents and islands with diverse landscapes - from towering mountains and scorching deserts to lush rainforests and (**5**) _____ glaciers. Earth's atmosphere, a thin layer of (**6**) _____ that surrounds the planet, protects us from the harsh rays of the sun (**7**) _____ the coldness of space. It also allows for weather patterns (**8**) _____ bring rain, wind, and snow, shaping the planet's different environments. Earth spins on its axis (**9**) _____ every day, creating the cycle of day and night. It also travels around the sun in a nearly circular path, taking about 365 days, or one year, to complete one (**10**) _____. This movement is responsible for the changing seasons we experience throughout the year.

1. A. from	B. to	C. of	D. with
2. A. so	B. when	C. if	D. as
3. A. covers	B. covered	C. coverage	D. covering
4. A. raise	B. arise	C. rise	D. praise
5. A. sunny	B. rainy	C. icy	D. stormy
6. A. gases	B. oxygen	C. carbon	D, water
7. A. but	B. and	C. yet	D. for
8. A. whose	B. where	C. who	D. that
9. A. once	B. ever	C. just	D. only
10. A. circle	B. core	C. orbit	D. axis

VI. Rearrange the words and phrases to make complete sentences. ***(Sắp xếp lại các từ và cụm từ thành câu hoàn chỉnh.)***

LIVEWORKSHEETS

1. quite large / are / are / The rings of Saturn, / ice and rock, / which / made of

_____

_____

2. reddish dust covering its surface / has / from the Sun, / the fourth planet / which is / Mars,

_____

_____

3. planets in our soler system / orbit / Many moons, / which / oceans, / may have once had

_____

_____

4. travel / which / and gas behind them, / leave / long tails of dust / Comets, / through space

_____

_____

5. than Earth, / Pluto, / the ninth planet / was once considered / in our solar system / much smaller / which

_____

_____

6. life might exist / believe / Scientists, / on planets with liquid water / are searching for / signs of life on other planets, / who

_____

_____
