The impact of Typhoon Yagi on Ha Noi in 2024

In October 2024, Typhoon Yagi made landfall in Ha Noi, causing significant damage to the city. This powerful storm brought strong winds and heavy rain, leading to widespread flooding in many districts. It was one of the worst storms the capital city had experienced in recent years. Thousands of people were **evacuated** from low-lying areas to prevent further harm from rising water levels.

During the storm, many roads in the city were flooded, making transportation difficult. Schools and businesses were closed to ensure the safety of the public. The government acted quickly by providing emergency shelters and organizing rescue teams. Many people in affected areas received food and water supplies from these teams.

Despite the **challenges**, the damage could have been worse if there had not been early warnings. The authorities issued alerts days before the storm arrived, allowing people to prepare and evacuate on time. This quick response helped save lives and minimize damage to properties.

In conclusion, Typhoon Yagi in 2024 had a major impact on Ha Noi, but thanks to early preparations and quick action by the government, the city was able to recover quickly.

Question 32: What is the main idea of the passage?

- A. The history of typhoons and how they have changed Ha Noi for many years.
