_____

4. Albert Park/ sporting and recreational park/ Australia/.

_____

5. You/ can buy/ souvenirs/ and eat/ local food/ night markets/.

_____

READING

I. Read the following passage and choose the option (A, B, C, or D) that is NOT TRUE.

In the future, we will live in amazing new houses. Our houses will use the sun or the wind to make electricity. We won't use cookers, dishwashers or washing machines because robots will help us. We will have robots to cook our dinner and wash our clothes. We will have robots to look after our children. We won't use computers. We will have special remote control units. We can surf the internet, send and receive emails and order food from the markets without getting out of bed.

We won't have TVs or CD players because we will have watches that play music, take pictures and tell the time. Our cars won't use gas. They will use energy from air, water and plants. In the future the air won't be polluted. Our world will be a great place to live in.

1. We won't have_____.

A. cookers B. robots C. TVs D. computers

2. Robots will help us to_____.

A. cook our dinner B. surf the internet C. wash our clothes D. look after our children

3. We will have special remote control units to_____.

A. surf the internet B. send and receive emails

C. order food from the markets D. look after our children

4. Our watches will_____.

A. make electricity B. play music C. take pictures D. tell the time

5. Cars will use energy from_____.

A. water B. air C. wind D. plants

II. Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the questions.

A robot cannot think or do things alone. People use a computer to control it. Today, robots are becoming useful in our lives. They can help us to save a lot of time and work. A robot can do the same work for 24 hours, and yet, **it** does not complain or get tired. In the US, people use robots as security guards in some important places. These robots can listen for certain noises and send signals for help if there's trouble or danger. In Japan, people use robots in factories to build cars. In the future, scientists will design many types of intelligent robots. Their robots will help us to do many more complicated things. However, some people do not like robots. They fear that one day robots will be too powerful.

1. Why do people use a computer to control a robot?

A. Because it can save time and work. B. Because it cannot think or do things alone.

C. Because it is too expensive. D. Because it is very useful.

2. Which of the following statements is NOT TRUE according to the text?

A. People use computers to control robots.

B. Robots cannot do the same work for 24 hours.

C. Robots do not get tired of working.

D. People use robots as security guards in some important places in the US.
