Reading Comprehension: In my kitchen

Read the passage and answer the questions.

(Paragraph 1)

People keep different kinds of food in their kitchens. Some food must stay in the fridge. The fridge keeps food cold and fresh. Cheese, milk, eggs, fish, and meat belong in the fridge. If you leave them outside, they can go bad. Other food, like bread and bananas, can stay in a cupboard or on the counter.

(Paragraph 2)

Children can help in the kitchen. They can put away groceries. They can check if there are any eggs left. They can ask, "Do you have any cheese?" It is important to wash hands before touching food. Being careful in the kitchen keeps everyone safe.

(Paragraph 3)

A good kitchen is organized. It has clean spaces for cooking. It has a fridge for cold food and shelves for dry food. It is nice when family members cook together. Sharing food makes people happy.
