Part 1: Multiple Choice (4 pts)

Read the passage and choose the best answer A, B, C, or D.

Nowadays, many teenagers are trying to live a healthier life. They eat more vegetables, exercise regularly, and get enough sleep. Doing sports like running or swimming helps improve both physical and mental health. However, some students still spend too much time on their phones or computers. This can lead to problems such as eye strain, poor sleep, and lack of exercise. Experts advise students to limit screen time and spend more time outdoors.
