Pengalaman Belajar

- Pendidik menghadirkan situasi nyata yang dekat dengan kehidupan murid
 - Menghadirkan konteks nyata dengan menunjukkan kondisi kelas secara langsung/melalui gambar/video tentang lingkungan sekitar (classroom). Berikan pertanyaan pemandu, seperti:
 - What can you see in your classroom?
 - Is there a whiteboard in your classroom?
 - How many chairs are there?
 - Is your classroom clean and comfortable?
- Murid melakukan kegiatan “Look and Say” sebagai asesmen awal, berikut panduan pelaksanaan:

- a. Tampilkan gambar/kondisi kelas contoh: classroomm, chairs, tables, whiteboard, door, windows).
- b. Ajukan pertanyaan: what can you see? Murid menjawab dengan menyebutkan benda yang mereka lihat/menggunakan pola sederhana: There is a...../There are.....
- c. Berikan pertanyaan pemantik kepada beberapa murid yang menjawab, seperti: why do you say that?/can you mention more things?

Warming Up

Kegiatan warming up dilakukan untuk menarik perhatian siswa dan mengaktifkan pengetahuan awal mereka. Guru dapat menampilkan gambar sebuah ruangan seperti kelas atau kamar, lalu menanyakan kepada siswa benda apa saja yang mereka lihat di dalam gambar tersebut. Siswa menyebutkan kosakata sederhana seperti table, chair, door, dan window. Setelah itu, guru dapat mengajukan pertanyaan ringan seperti “Do you have this in your classroom?” untuk membuat siswa lebih terlibat sebelum masuk ke kegiatan membaca.

Brainstorming

Kegiatan brainstorming bertujuan untuk membantu siswa menghubungkan pengalaman mereka dengan materi yang akan dipelajari. Guru dapat menuliskan judul “My World” di papan tulis, lalu meminta siswa menyebutkan hal-hal yang ada di sekitar mereka, seperti tempat (classroom, bedroom, school) dan benda-benda di dalamnya. Semua jawaban siswa ditulis di papan sebagai daftar kosakata. Kegiatan ini membantu siswa mengenali topik bacaan dan mempermudah mereka dalam memahami teks yang akan dibaca.

4 Application for Teaching

1. Padlet

Digunakan di awal dan akhir pembelajaran, yang memiliki fungsi untuk brainstorming & writing. Siswa bisa menulis jawaban (what do you see?) dan

posting kalimat (there is/there are). (<https://padlet.com/novasaputri026/projek-mengajar-awh2mykovot8v0dy>)

2. Diffit

Berfungsi untuk reading text yang digunakan pada saat while-reading. Di pakai guru untuk generate teks sesuai level siswa dan bisa langsung dapat soal.

3. Liveworksheet

Berfungsi untuk latihan reaading, digunakan setelah membaca teks. Siswa mengerjakan comprehension questions, true/false, dan vocabulary match.

4. Quizizz (wayground)

Berfungsi untuk evaluasi atau game quiz yang digunakan di akhir pembelajaran dalam bentuk pilihan ganda dan kuis cepat.
