

Unit 9 – Lesson 5

A: Andy M: Marisa

A: Hi, Marisa. Now, you're good at, right? I'm having a hard time with our art class project. Do you have any

M: Hi, Andy. Well, I usually with pencil and paper. But I just using a drawing app. I think everyone should try it! My sister me how to use different tools and special effects—she makes really good digital drawings.

A: Do you use the app as much as you use pencil and paper?

M: Yes, because I can draw anywhere, like on the I can use my parents' phone or a tablet. And I can my drawings to friends or them on my blog.

A: So, what's the best thing about an app for drawing?

M: You can use your finger or a special pen to draw on the, so it isn't as messy as painting. You can draw designs on your photos, too. I like to special effects to my photos!

Unit 9 – Lesson 5

A: Cool! So if I want to it, what do I have to do?

M: It's easy. First, you need to go Search a drawing app and the one you want to try. You'll have to on the link to go to the website. Then the file and click on "install" to install the on your phone, tablet, or computer. You don't need to a password, but it's a good idea to use one.

A: OK, so you go online, download file, and the program. That sounds easy!

M: Yes, it is! Oh, and one last tip: if you have a lot of drawings, just.....your favorite ones. the other files, so you don't get confused.

A: Thanks! Maybe I'll try using a app for the art project!
