### My School Play

One week ago, we acted in a play at my school. The script is from a book by a famous writer. The play is about a boy who lives with his friends: a bear, a panther, and a snake. The boy is trying to escape from a tiger. His friends tell him to live in the village with people, not in the jungle with animals. The boy loves his friends and doesn't want to leave the jungle. We put on makeup for the play. The costumes were fantastic. There was a big stage with lights and a red curtain. The audience said the play was amazing. It was exciting when the boy was running from the tiger. I loved acting in the play. I want to be an actor now!
