- "Can polar bears swim?" She asked me if polar bears **can** / **could** swim.

/ 4

Reading

5 Read and choose Yes or No.

Kyle

How was your class trip to the wildlife centre, Kyle?

It was fantastic, Tom. I saw some seals, a squid and a panda.

Wow! I've never seen a panda before.

They're really beautiful. They usually live in southwest China. The forests are their habitat. They are good at hiding, but you can sometimes see them between the trees. We saw them eating and playing. They have short, flat fur. They're black and white.

Cool!

The tour guide fed them while we were there. They have strong teeth to eat bamboo. They can use their strong teeth to protect themselves from predators. As pandas are so big, they aren't prey to other animals. Our guide told us to be very quiet. They don't like loud noises.

What animal do you want to study for nature week?

I will make my project about the pandas.

- | | |
|---|----------|
| 1 Kyle said he enjoyed his trip to the wildlife centre. | Yes / No |
| 2 Kyle said he had seen pandas swimming in the water. | Yes / No |
| 3 Tom said he had seen some seals before. | Yes / No |
| 4 Kyle said he had fed the seals. | Yes / No |
