

1. Read the text and answer the following questions:

A Day with Technology

Mariam and Mohammed live with their mom, and dad. They are a happy family. Every morning, Dad uses his laptop to work. He types on the keyboard and checks emails on a website. Mom uses her smartphone to talk to Grandma and read messages.

Mariam puts on her headphones and listens to her favourite songs. Mohammed uses the touchscreen to play a learning game.

In the afternoon, Mom helps them study. She writes on the whiteboard and explains the lesson. Later, Dad looks at his smartwatch and says it is time for dinner. The family sits together and talks.

At night, Mariam uses a password to open her school website and finish her homework.
