**Question: How would you think the modern technology will change the workplace in the next 100 years?**

*are going to feel*

*are likely to lead to*

*will have*

*will find*

*is likely to become*

*will develop*

*are predicted to work*

*are likely to occur*

*will be*

*will continue*

*are going to happen*

*will result*

Thanks to modern technology, there have been enormous changes in the workplace over the past 100 years.

So now let us consider the changes that (1)..... in the next 100 years. Unfortunately, I believe that not all changes (2).....for the better. For example, more people (3)..... from home and so they (4)..... more isolated from their colleagues. On the other hand they (5)..... greater freedom to choose their working hours.

A further possible change is that handwriting (6)..... obsolete. We are already so used to using a keyboard that today's children are losing the ability to spell without the aid of a word processor.

Without a doubt, even greater changes (7)..... in technology used in the workplace. Computers (8)..... to grow even more powerful and this (9) ..... in an even

faster pace of life than we have now. Let us hope that our employers (10)..... way to reduce the stress on worker's this fast pace can bring.

I also think these improvements in technology (11)..... even more globalization than now and companies (12)..... very strong international links.
