LIVEWORKSHEETS

Read the text about smartphones. Choose the best answers (A, B, C or D).

Smartphones have changed the way we communicate and get information. They provide us with a lot of benefits that make our lives easier and more convenient. Firstly, smartphones allow us to stay connected with friends and family through calls, texts, and social media. This is especially useful for people who live far away from their loved ones. Secondly, smartphones are equipped with many applications, such as maps and shopping apps to make daily tasks simpler and more effective. Thirdly, smartphones can provide us with instant access to the Internet and allow us to read about news and current events, find information for work or school, and entertain ourselves with games, music and videos. Furthermore, many smartphones are equipped with cameras, allowing us to capture and share memories with others. In conclusion, smartphones have many benefits that greatly improve our lives.
