

OBJECTIVES:

- Learn and use vocabulary related to nature
- Read about seaweed

VOCABULARY Nature

Digital VOCABULARY PRESENTATION

1 Read about the activities offered in the brochure below. Pay attention to the words and expressions in purple. Which activity do you think you would enjoy the most? Why?

NATURE'S WAY:
Focus on Food

Nature's Way focuses on the connection between nature, the environment and food. We offer a variety of fun activities.

Would you like to plant **seeds** or **pick** tomatoes or other **crops**? Try one of our Urban Farming Experiences. Do you love cheese? Visit an eco-friendly farm and cheesemaker. You'll be taken into the **cave** where the cheese "ages" in the dark.

Get away from it all and go fishing! We'll **head for** the beach before **dawn** to see the **sunrise**. At high **tide**, we'll stand in the water and fish in the **waves**. Our fish will be cooked over a fire for a delicious meal.

Join a Wild in the **Woods** Workshop to learn what's safe to eat in the forest. We'll pick mushrooms, **nuts** and **berries**, **dig** under the **soil** to get **roots**, and collect tiny plants which grow on tree **branches** and **trunks**. By **sunset**, you'll have a basket full of forest food.

2 Which of the words in purple from Exercise 1 are things we eat? Which are related to trees?

3 Choose the correct answers.

- Oranges grow on tree **trunks** / **branches**.
- The best month for **picking** / **digging** apples is September.
- To see the **sunset** / **sunrise**, you need to look to the east.
- Different plants grow best in different types of **soil** / **crops**.
- The part of the carrot plant that we eat is its **root** / **nut**.
- You can't walk along this beach at **dawn** / **high tide**.
- The highest **woods** / **waves** for surfing are found off the coast of Nazare, Portugal.

4 Match the words below to the definitions.

woods • berry • crops • trunk • head for • cave

- plants grown for food
- a large hole in the side of a hill or under the ground
- go in a particular direction
- a small forest
- a small round fruit
- the thick main part of a tree

5 What geographical features do you remember? Copy and complete the chart in your notebook.
